Satellite meetings or events will take place on Wednesday, February 2nd, 2027.

We will provide the space and coordinate logistics so organizers can focus on their goals and conversations. If one day is not enough, or a more in-depth engagement is needed, we are happy to work with you to create that space at other points throughout the Summit week.

If you're not planning a satellite meeting or event but would still like your organization to be involved, **sponsorship opportunities with registration spaces** are also available.

Do you have another idea for how you would like to partner or make use of this shared space and time? Please reach out at nextgensd2012@gmail.com.
